

THOUSANDS DEAD AT VERONEZH

World War II has been for the Allies to date a rapid succession of startling and tragic realizations. The first was the collapse of the "impregnable" Maginot Line and the fall of France. The last, and our great awakening, came with the startling demonstration of the striking power of Japan. Looking to the future, we see Rommel's sun-at-the-back drive in North Africa casting its shadow eastward across Alexandria and Suez to a junction in Iran with another shadow extending from the Russian Caucasus. Capture of the Middle East oil resources by the Nazis may be our next disaster, say the experts. Indeed, capture of the Middle East by the Nazis might be only the beginning of a tragic new realization.

What dire contingency lies beyond the Nazi drive into the Middle East? At the utmost, it might be a Eurasian Continent, stretching ten thousand miles from St. Nazaire to Yokohama, completely under Nazi-Japanese domination. Russia fights gallantly, but is losing. The Japanese push on in China now without a life line. Already half a million Japanese soldiers are poised for the plunge into Siberia. At the end of the monsoon season in October, India may become the objective of drives from Burma and the Middle East. A juncture of Nazi and Japanese power across the vast sweep of Eurasia would bring one more and greater realization, one more desperate switch of Allied strategy in a disjointed world.

The United Nations must take the initiative, seize command of World War strategy. They must quit thinking hopefully and making a virtue of military necessity. It is now being said that the second front has been set up in North Africa. It has—where Hitler wants it. The Nazis thus far are winning the war because they are following the strategy of a great plan of action, the famous Schlieffen Plan evolved by the German general staff long before the first World War. The cardinal point in this basic Prussian military creed is that Germany must never be forced to fight on both her eastern and western fronts at one and the same time. Hence, threatened with a second front, the Nazis craftily precipitate it themselves, and at a point where it can become part of the pincer drive toward the east.

In taking over Prussian militarism, Hitler adopted the Schlieffen strategy in toto. That is why he made a pact with Soviet Russia before striking at Poland and her allies. Nor did he dare attack Russia until he had knocked France, Belgium and Holland out, eliminating an active land front in the west.

To defeat this plan it is essential that the Allies open a military front in the west. Possibly such a weighty decision is not for the armchair strategist. Yet, does not common sense dictate that it is logical to do the very thing that Hitler most fears? Again, is it logical to think that the Allies cannot strike effectively in the Nazi rear across the narrow English Channel, but can be effective in supporting defense in the Middle East which is 12,000 miles via Cape of Good Hope from bases of supply?

Hitler's grand plan of strategy must be smashed if his armies are defeated. The Allies must strike promptly and mightily in the west or face new realizations of disaster. It is a dark outlook, but our greatest need is to be able to face it with honesty to ourselves and saneness for our own cause.—Dallas News.

MEMORIAL SERVICES FOR TWO BOYS LOST AT SEA

Memorial Services will be held at 4 p. m. Sunday, July 19th at Little River Church near Jones Prairie, for two Milam County boys who lost their lives in the Gulf of Mexico recently when a German submarine torpedoed and sank their ship.

The boys who were lost at sea were Max Schwinger and Woodrow Ermis. The boys were close personal friends, lived together and died together. Max Schwinger, Sr., hero of World War No. 1 who was decorated with the Order of the Purple Heart, announced Tuesday that arrangements had been made to hold the service.

While no confirmation has come on the death of the boys they are certain to have lost their lives. No member of the crew of 30 on the vessel survived.

Rev. Butler, pastor of the church will conduct the services. The public is invited.

Rooms For Soldiers Sought; Must Have Better Co-Operation

The Cameron Hotel has retained the service of a young lady to operate an information desk in the lobby between 4 p. m. and 11 p. m. each Saturday to assist soldiers who come here for the week end to get rooms.

Saturday all soldiers could not get rooms. Two of them spent the night in the lobby of the hotel and two are known to have slept in cars. Cameron does not wish that our guests be thus treated.

If you have a room to rent on Saturday you may call 251 and ask for Soldier Information desk and register your room. These rooms will be used as soon as the hotels are filled.

MRS. EMMA MYRICK DIES AT HOME NEAR BRIARY

Mrs. Emma Myrick, 70, died at her home near Briary at 9 p. m. Tuesday, July 14.

Funeral services will be held at Little River Church Wednesday afternoon at 5 o'clock with the Green Funeral Home in Cameron directing arrangements.

Mrs. Myrick had been in declining health for some time. She had lived there for many years.

Cameron Gets Unit of War Recreation Council

H. G. Otis, Austin, Wartime Recreation Council Director met with the Chamber of Commerce Friday afternoon and plans were developed whereby a unit of the National War-time Recreation Council will be set up in Cameron.

This council will have charge of all recreational activities for service men visiting Cameron from Camp Hood and other army camps.

The all service committee which has been functioning will be consolidated with the War Recreational Council, and will continue to function as they have in the past.

Camp Hood Sergeant Says Men Enjoyed Visit to Cameron

Dusek Pharmacy received a card from Sgt. Fred E. Farnham, one of the Camp Hood men who visited Cameron last week end, saying that he received the Daily Herald and enjoyed it.

"Thank you for the copy of the Herald which arrived today."

"We all enjoyed reading it and it shall help to remind us of the three swell days we spent in Cameron. We all hope to return to Cameron soon."

Appreciatively,
Sgt. Fred E. Farnham,
Co. C. 804th D. Bn."

Vote For Him

E. F. SMITH

Voters in the counties comprising the Jurisdiction of the Austin Court of Civil Appeals, have an opportunity to call to this bench one of the best equipped men who has offered for a place on the court in many years.

Mr. Smith is a former assistant Attorney General and one of the best known lawyers in Texas. He is also a writer on legal subjects and is widely known for his works.

Mr. Smith's candidacy is so appealing the Herald takes pleasure in recommending him to its readers. A vote for him will be an endorsement of the high legal ability and ethical integrity the traditions of the bench have inspired in the people of Texas for generations.

E. F. Smith by his forthright candidacy has rendered a distinct public service by acquainting the people with the pertinent facts concerning the work of our Court of Civil Appeals. He has made a vigorous, but a dignified, campaign. His election will be a victory for the people.

Canning Sugar Will Be Issued Next Week Says Sign On Door

"Sugar for canning next week."

A welcome sign on the door of the sugar division of the local rationing board.

Sugar for canning will be issued beginning Monday, July 13th. A bit late but maybe someone can profit by this decision to issue sugar. The sugar has been available all the time but could not be issued because the employees of the board did not have time to look after the details.

Practically the entire fruit crop, short at best, has been lost in Milam county, because no sugar was issued. Many farm women have made fruitless trips here during the past few weeks to get sugar. Now it is too late to be of much benefit.

Negro Held in Knife Attack Here Friday

Clarence Mitchell, negro, is in the county jail, facing assault with intent to murder charges following a knife attack on Tate Campbell, another negro, Friday night on West main near the Southern Pacific depot.

Campbell was reported to be in a critical condition with a knife blade in his shoulder and no money to pay for its removal. This circumstance and others create a serious situation with respect to persons who should have surgical and medical attention.

Sheriff Valter White reported the negro's condition to the Herald. Campbell also has a badly slashed left arm.

Recreation Council Needs Furniture and Things for Hall Here

The War Recreational Council is badly in need of several pieces of furniture, such as chairs, bridge tables, floor lamps, etc. If you have any odd pieces of furniture that you can loan this organization, please call 603.

Soldiers visiting Cameron this week end will be assigned to homes at 8:30 p. m. at the recreational headquarters. If you want to entertain some of these men in your home, please call them at that time.

WIESE RESIGNS FROM SCHOOL FACULTY HERE

W. C. Wiese, principal of Yoe High School, has resigned from the faculty to go into business at Calvert.

Mr. Wiese, in a letter to Stanley Swift, President of the Board, expressed regret at leaving Cameron. A brother in business in Calvert has enlisted in the navy and Mr. Wiese has been compelled to take over the business which is owned by the estate of his late father.

Mr. Wiese's letter:

"Several months ago my brother, who was acting as manager of business interests in Calvert, joined the Navy of the United States, leaving these interests without adequate management. It has become imperative that I assume these duties of management, and due to this said condition, I hereby present my resignation as the principal of the Yoe High School, effective immediately.

"I wish to express my sincere thanks to the Cameron Board of Education and to the good people of Cameron for the many favors shown my family and me and for the very happy years spent among you. I shall always consider Cameron as one of the finest towns in the land and Cameron's people as among our nation's best.

"Thanking you again for your consideration and assuring you of my every good wishes."

ROCKDALE MAN ENDS LIFE IN TYLER JAIL

Charlie Clappett of Rockdale, died at 4 a. m. Saturday, July 11 in the county jail at Tyler from poison which in some manner he obtained.

The office of the sheriff at Tyler wrote Valter White, sheriff here that Clappett had died there Saturday morning. He was to be returned here for trial.

Some time ago Clappett made an unsuccessful attempt to take his life by slashing his wrist. He finally succeeded, according to the Smith County sheriff and met his death from poison early Saturday.

The body was sent to Rockdale for burial.

NATIONAL HALL PICNIC IS HUGE SUCCESS HERE

The National Hall Picnic, held each two years was a big success, ending with a dance at night with Adolph and his celebrated band of Czech musicians making the music.

The program was climaxed in mid-afternoon with the address of James V. Allred, candidate for United States Senator.

Others who spoke were Jesse James, candidate for State Treasurer and Kyle Vick, State Senator.

Frank Mikulec on the Hall Committee and arrangement committee for the picnic, said the program went off in grand style. It was estimated that about one thousand people heard the speaking.

Barbecue and cold drinks were sold on the grounds by Grady Houston under contract to the Hall Association.

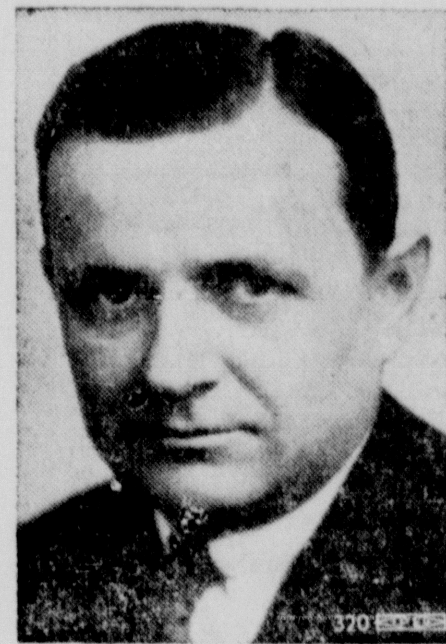

DAN MOODY TO SPEAK HERE SATURDAY NIGHT

Former Governor Dan Moody, candidate for United States Senator, will deliver a campaign address here Saturday night on the court house lawn, friends were notified Monday.

Local supporters of Moody are arranging the details of the meeting and making arrangements for the former governor's address.

Moody, red headed, was a stormy figure in Texas politics and set the first great record for a total vote in Texas in his races against Mrs. Ferguson for governor. He carried Milam county against the Ferguson's lam county against the Ferguson's history of the famous Bell County family.

Mr. Moody will get a good vote here. He has always been popular with a large section of the voters.

ALLRED GETS FINE RECEPTION HERE WED.

By FELIX R. McKNIGHT, Staff Correspondent of The News

Cameron, Texas, July 15.—Oratorically afire, James V. Allred took haymakers at whispering critics Wednesday with a blunt pledge that he would not accept reappointment to the federal bench he resigned if it were tendered. The onetime boy wonder of Texas politics, who resigned the United States Southern District judgeship to challenge W. Lee O'Daniel for his Senate seat, was flushed with anger when he unloaded on O'Daniel at National Hall Picnic Grounds near here. Hundreds of Czechs who dominate the community cheered him as he tore into isolationists and pledged, above all, to dedicate himself to the issues of winning the war and the peace. "Tell it to 'em sailor boy," (turn to page 12)

Swan Comes to County; New Soap Is Wonder Bar Say The People

Swan has come to Cameron. It's the biggest event since the gay nineties and may even be bigger than that.

During the week merchants are introducing Swan and Coupons are valuable. Investigate at your grocer. Ask him what the Swan deal is and you will get an agreeable surprise.

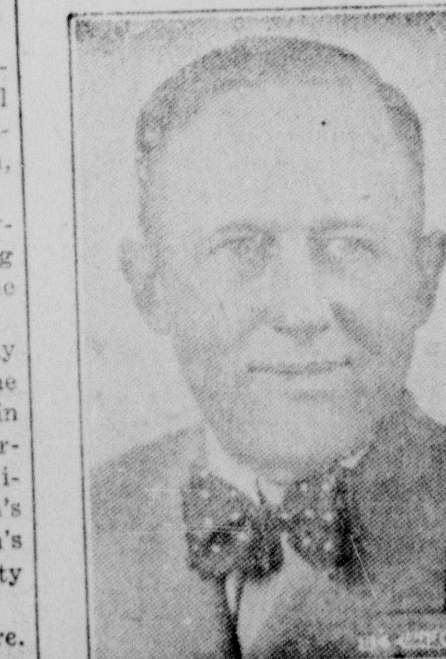

Swan is being introduced in Cameron and Milam county this week in an advertising campaign which has been arranged by Lever Brothers, distributors.

Special offers for the opening days of this Swan week. It is the new floating bar you have read so much about, a white soap and quite the sensation of the age.

REDS COUNTER ATTACK PUSH GERMANS BACK

The Red Army was doing a good job Friday to meet the supreme challenge of the German invasion.

Notwithstanding the German advances the Russians were counter attacking and in some places in the Voronezh sector had taken the offensive to drive the Germans back.

German blood was running like a tide on the plains and in the basin of the Don. The Russian government has made a statement which has been accepted here as fairly representative of the carnage. They say that nine hundred thousand Germans have died in the current push for the oil fields.

Heavy losses are being sustained on both sides. The German drive had shown signs of slowing down, still Hitler must go on and win this summer or lose.

In Egypt the crucial battle is in progress. Both sides, the British and Germans were fighting fiercely. Overhead the RAF was doing a good job. Everything pointed to a final battle for the land of the Pharaohs.

Texas Power & Light Employees Selling Large Amount Bonds-Stamps

Local employees of the Texas Power & Light Company are making a splendid record in the purchase as well as the sale of War Bonds and Stamps.

J. Albert Young, manager of the company, discloses that the office here has sold \$5,636 in Bonds and Stamps to-date. The employees have signed up for a 10 per cent of salary investment in bonds and stamps and before that had bought \$315 worth.

Employees of Texas Power & Light Company sold and purchased for themselves War Bonds and Stamps totaling \$510,478.55 during the first six months of this year, according to an announcement by John W. Carpenter, president of the company.

This employee sales plan was inaugurated early this year by Mr. Carpenter, whereby all employees who can be spared from their duties spend two hours of company time each Monday morning selling War Bonds and Stamps to their friends and to citizens of their respective towns. This plan will continue in operation for the duration of the war, or as long as Congress and the President see the need for the sale of War Bonds and Stamps.

War Stamps are also on sale at the Cashier's desk in the offices of each of the 28 Districts which comprise the company's territory.

In addition to selling War Bonds and Stamps, employees of the Texas Power & Light Company through salary deductions are at the present time buying at the rate of approximately \$100,000 of matured bonds yearly.

MRS. CAROLINE ZANDER BURIED AT BUCKHOLTS

Mrs. Caroline Zander of Buckholts, died in her home Saturday, July 11. Mrs. Zander's was born in Germany in 1858. She came to Texas with her two sisters in 1882. In 1923 she moved from Bastrop County to the Sharp community.

IMPORTANT NOTICE TO OUR CUSTOMERS

IF YOU ARE PLANNING TO MOVE

Read These New Government Regulations
Limiting Extensions of Utility Service

In order to conserve materials for the war effort, the government, through the War Production Board, has issued new rules regarding service extensions by public utilities, effective June 23 and expiring September 30, 1942.

Under these new WPB regulations, we will not be permitted to build extensions to our distribution system to serve customers, except under the following conditions:

- (1) The extension must not exceed 250 feet in length. (Including service line from distribution system to building to be served.)
- (2) Building to be served must have been piped or wired ready to receive service prior to July 1, 1942.
- (3) In case of new construction, foundation under main part of building must have been completed prior to July 1, 1942.
- (4) Cost of material for extension must not exceed \$1,500 for underground jobs or \$500 for overhead extensions.

The above regulations apply only to ordinary non-defense extensions. In case of new consumer building projects bearing a preference rating of A-5 or better, we are permitted to use such rating in placing orders for material necessary to serve such projects without prior approval from the War Production Board, although this does not guarantee that the material will be immediately available.

Nothing in the above regulations applies to buildings already connected to our distribution system and which are piped or wired but are not now receiving service because of vacancy or for other reasons. Service to such buildings may be resumed at any time upon application at our office.

However, if you are planning to move into a new home or other building which will require an extension of our system to receive service, we suggest that you consult us before making any commitments or taking any action. We can assist you in determining whether or not service can be provided under the new government regulations.

RUSSIA IS SEVERED BY THRUST BEYOND THE DON

Soviet Russia, carrying the hopes of most of the world's peoples, in the fight against Nazi Germany, stood in peril Saturday as the German drive across the Don River widened and threatened to go as far as the Volga.

While the Russians were doing a magnificent job and were resisting with everything they have, making the Germans pay dearly for every foot of advance, there was an admission from Red Star, official organ of the Red Army that the situation is critical in that area.

The German drive seemed certain to be accelerated as the rich oil fields seemed only a few miles away. Stalingrad is not far away on the Caspian Sea where the great river Volga empties.

The vital railroad between Moscow and Stalingrad has been cut. The Ukraine and the Caucasus are now isolated. Russia has been cut in two. What follows is not hard to guess.

In Washington and London official silence indicated some gravity over the situation.

President Roosevelt startled the nation by coming out unconditionally for employment of enemy aliens in war industries. It is the way America has of demonstrating any lack of ruthlessness. The plan is so astounding that no re-action was forth coming.

War, swift and terrible flared in the Egyptian desert as the British pressed the fight against General Rommel. If the British continue there is some hope defeat may be made into victory.

Ruhr Valley Pounded By 300 British Planes

British air fleets struck hard at the Ruhr Valley in Germany Monday with 300 planes. The Air Ministry said that 5 planes were lost.

Heavy damage was reported to the industrial center of the Ruhr.

The air raids over Germany are becoming smaller operations than the raids projected earlier. There was no explanation of the sudden cessation of 1000 plane raids.

Liquor Store Robber Brought to Cameron From Jail at Menard

A. R. Castleberry, charged by indictment here with the robbery of the Lazek Liquor Store, was returned to the Milam county jail late Sunday by Sheriff Valter White from the Menard jail where he was being held following trial for robbery.

Castleberry and two confederates, Arthur Fulton and F. L. Wilder are under indictment here for the Lazek store robbery. They are also implicated in a similar robbery at West in McLennan county; at San Saba and Menard.

Castleberry has served a previous sentence. Criminal District Attorney, Ed. Gunn, was consulting with Castleberry early Monday. No date had been set for the trial. It was the prisoners first appearance here as he was arrested at Menard in the act of robbing a liquor store.

RUSSIA CALLS UPON US FOR SECOND FRONT

The Germans are within 200 miles of the Volga River.

The advance of Hitler's army is being made on a wide front and the war against Russia has taken the Germans further into Red territory by far than any of the previous campaigns of 1941.

There was little doubt that the Germans will win the war against Russia, at least will succeed in gaining the rich oil fields and the vast Ukraine.

Russia was calling upon the United States and Great Britain to open up a second front. Little do they know how far away a second front is. The United States is preparing for a defense of this hemisphere. Within the next 5 to 10 years this country may be able to begin a world battle.

Today is Bastille Day in France. The people have been told they must not celebrate it or to do anything contrary to German rule over them. To do so means every man in the family as well as kin will be shot their children made Nazis.

In Washington 8 Nazis are on trial for a confessed effort to destroy war industries. Will they be shot? Our present policy of appeasement says No. The American people say they should be shot.

There is little war news Monday except the steady and overpowering advance of the Germans in Russia.

The British still hold the offensive in Egypt and the RAF has carried out strong raids over the French coast.

REPAIRED Appliances Work Like New

HERE'S WHAT TO DO...

1. Keep appliances clean.
2. Keep them properly oiled.
3. Do not allow appliances to get too hot... turn off current when not in use.
4. Take good care of electric cords... do not allow them to knot... repair them when they show signs of breaking.
5. Defrost your refrigerator often... this increases its efficiency.
6. Release the pressure on the wringer of your washing machine when not in use, and prolong the life of the rubber rollers.
7. Always keep extra fuses on hand and eliminate unnecessary delays in restoring service when a fuse blows out.

Keep your old electric appliances repaired and they will work like new!

They will save time and energy... help you keep your family in good health... help keep home life normal... keep them working for the duration!

GALLANT RED ARMY IS MAKING NAZI PAY MUCH

Red Russia, despised by the church world and cursed for an alliance into which she was tricked by Adolph Hitler, was fighting the most desperate battle of the war Friday as Nazi armies with tank columns tore a hole in the Don River line 100 miles long.

With England and the United States doing nothing the Red Army was the only barrier against the Nazi menace now sweeping on to new territory in the east.

The Nazi have crossed the Don River. Twenty four hours ago the situation in Russia looked better to the stupid old fossils in Washington and London. The rest of us knew the Germans would cross the Don and that is no reflection on the Russians for they are fighting not as Communists but as Russians defending their homes.

The battle is raging on both sides

FOR VICTORY

of the Don River.

Russia in so far as it were possible Friday tried to extend protection to the precious shipping lanes along the northern route and had inflicted great damage on German bases in Norway. Bases in Finland were also

blasted and the Russian fleet had sunk a number of German ships.

It appeared London might be hopeful of some protection from the Nazi by the Russians.

British public opinion was flaring again. This time because the British are waiting for General Rommel to improve his positions in Egypt.

China alone was able to report gains. The Jap army trapped by allied newspapers and marked for slaughter by the Chinese has escaped as usual. However, China was scoring some successes, but is without a life line and doomed.

American newspapers and in Texas the Dallas News correctly states the opinion of the people. Washington and London are taken to task for doing nothing about it.

No war was ever won without a fight.

Misses Lillian and Beatrice Michalka entertained their girl friends Christine Janacek and Alice Joyce Parma with a wiener roast in Ledbetter Park last night.

J. C. Penney Store Exceeds All Quotas For Sale of War Bonds

The J. C. Penney Store in Cameron has exceeded all quotas set for July for the sale of War Bonds and Stamps and sales to date for July are \$3,501.05.

J. M. Boehner, manager of the store received his quota from headquarters. His store in Cameron was asked to sell \$600 in July. Mr. Boehner set the quota at \$1000 and this was almost reached the first day.

Now the sales have reached more than three times what Mr. Boehner set as the quota for the store and half the month yet remains for sales.

The booths will be open all day July 17th to honor local heroes who gave their lives in service. This will also be designed to boost the morale of boys in service.

Mr. Boehner said he wants a make July 17th "Hero Day" the biggest day of the month for the sale of stamps and bonds.

The J. C. Penney Store will take your application for War Bonds and Stamps from 8 a. m. to 6:30 p. m. Friday all day.

Banana Melons Are Being Raised Here

Banana melons, a species of melon resembling the cantaloupe in taste, but much sweeter, are being raised this year by W. M. White of Marlow.

Mr. White has passed around several of these melons, one to the publisher of the Herald. He hopes to create a demand and a market for a production next year.

He only had the seed from one melon this year and planted only one row. Next year he will plant a large amount.

The melons are long and resemble a small watermelon. Every one has expressed delight over the taste of the melon which is new to this section.

"VICTORY OR DEATH" SHOUTS THE RED STAR

The Red Star, Russia's official army organ, Tuesday summed up the heroic struggle of the Red Armies now facing disaster on a 600 mile front from Moscow to the Don River basin, by proclaiming "Victory or Death," as Adolph Hitler seemed certain of victory in a battle in which more than two million men are involved.

"There is no other choice," said The Red Star. The peril is growing but the Red Army under General Timoshenko is counter attacking and are still holding Veronezh.

Proof of incincerity was seen in the failure of Britain or the United States to act. Both countries, saturated with indecision lacked the imagination and the daring to match wits with the Nazi in the greatest gamble the world has ever known. There was only silence in the capitals

of the two countries whose leaders recently boldly pledged a second front.

Russia, now certain no help is coming prepared for the worst. There will be no winter campaign. Victory for Germany over Russia will come this summer and the tempo of the battle indicated it might result from the victory which seemed certain in the battle now raging.

The Germans have suddenly menaced Moscow.

Up in Washington the Congress was struggling over parity farm prices and the only news that could be obtained was the announcement that an agreement has been reached on the "farm question." In Washington the question of profits must be settled before anything else can be done. Priority is the first order for profits.

General Rommel has been unable to gain any ground from the British in the Egyptian battle. Heavy fighting is in progress and the air war is raging.

President Roosevelt struck a new

blow at Hitler by sending words of encouragement to the French people on Bastille Day. There were reports of unrest but no proof.

Absentee Votes Are Beginning to Be Cast

With the primary election only 14 days away absentees votes were beginning to be cast at the office of the county clerk.

Something over a hundred have been turned in.

Under a new law which permits almost anything regarding payment of poll tax and absentee voting, agents

of candidates go about and obtain votes, mostly from old people and those who are ill.

Another law permits agents to pay poll taxes. If unchecked many abuses will arise and election contests will ensue.

Lieut. James T. Terry Reports to Army for Duty; Farewell Party

James T. Terry, son of Mr. and Mrs. C. S. Terry, left Cameron, Tuesday, July 14th for Camp Wallace, near Galveston where he reports to the United States Army for replacement for military duty.

James received his reserve commission as a Second Lieutenant on graduation from A & M College, May 30, 1936.

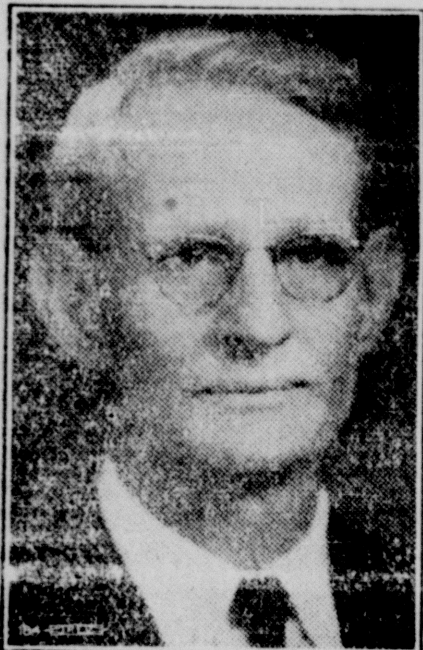

Immediately following his graduation he served twelve months as a member of the Officer's Training Corps under the Thomason Act, 69th Coast Artillery at Fort Crockett, Galveston.

Mr. Terry has held responsible positions with the government projects. He was second commander of a World War Veterans' Camp at Denton eighteen months; later employed as supervisor with the Soil Conservation Service in the Temple area, and at the time of notification for replacement in the army, he was employed as area performance supervisor by the AAA of Milam County.

Mr. Terry now holds a Commission as 1st. Lieutenant.

On Friday night July 10th, Mr. and Mrs. Terry were entertained with a farewell party and fish-fry by the AAA force, consisting of 25 members.

The party was given at Wayside Inn. Mr. Terry's many friends expressed their regrets of his departure, but wished for him more progress in assuming his new military duties in the great cause for justice and liberty.

Judge Harry N. Graves was elected four years ago to fill the unexpired term of the late Judge O. S. Lattimore as a member of the Court of Criminal Appeals of Texas. He has actively participated in the work of the Court since that time, and has written his share of their opinions.

This Court has disposed of the cases submitted to it, and is up with its docket, and he requests a second term at the hands of the voters.

Would it be wise to change the personnel of this Court at the present time.

CHRISTIAN SCIENCE SERVICES

"Life" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 19.

The Golden Text is: "As the Father hath life in himself; so hath he given to the Son to have life in himself" (John 5:26.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Spirit of God hath made me, and the breath of the Almighty hath given me life (Job 33:4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God fashions all things, after His own likeness. Life is reflected in existence. Truth in truthfulness, God in good-

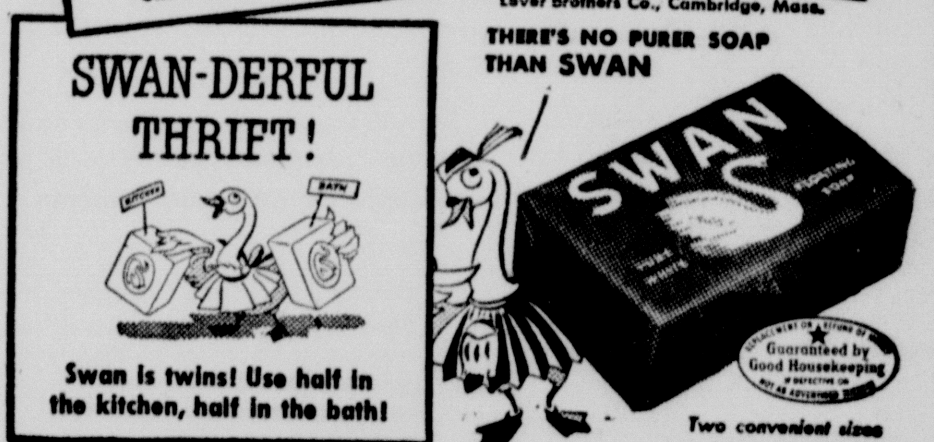

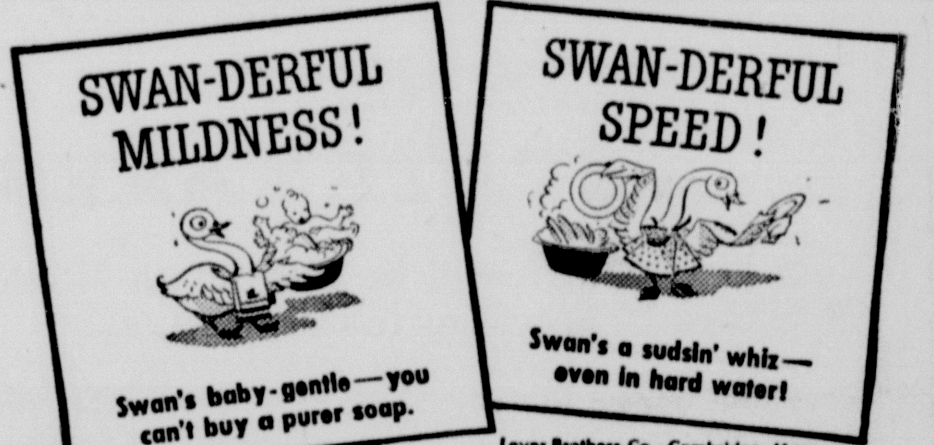

ness, which impart their own peace and permanence" (page 516.)

JOHN LEE SMITH
ANNOUNCES FOR
LIEUTENANT GOVERNOR

Senator John Lee Smith of Throckmorton, has announced his candidacy for Lieutenant Governor.

The West Texan, serving his first term in the Senate, was reared in Throckmorton county, is a former county judge of that county, served in France in World War I with an artillery regiment as a private soldier, and has been active in American Legion affairs for many years.

He was permanent chairman of State Democratic Convention in 1940, and upon entering the Senate last January was made a member of the powerful state affair committee and a member of other major senate committees.

SPONSORED ANTI-STRIKE LEGISLATION

He took the lead in the nation in the advocacy of legislation to prevent strikes in war industries and to curb war profits. He was the author of the first resolution passed by a legislative body calling upon Congress to put an end to strikes and restrict enormous war profits. He had charge of the anti-strike bill in the Senate made law by the last legislature and which was recently upheld by the court of criminal appeals. Smith has a son serving with the 36th Division at the present time.

URGES LOYALTY ON THE HOME FRONT

In making his announcement he said: "We must back up those boys who are now fighting for our freedom. The best way we can do this is to practice economy in all branches of our state government. If these boys can give their lives for the state, then those on the state pay-roll, from the highest paid official down to the lowest, should not

Tickets to General Bruce Barbecue Now On Sale in Cameron

Tickets limited to 70 are now on sale for the barbecue to be tendered General Bruce, Commander at Camp Hood by the Chamber of Commerce.

L. Van Perkins, manager of the Chamber of Commerce, said a change had been made in plans for the barbecue. At first it was announced the barbecue would be held in the Wilson-Ledbetter Park.

The barbecue will be held at the home of Grady Little at 1202 North Houston Avenue beginning at 7:30 and lasting until 10:30 o'clock.

Tickets for the barbecue may be secured at Dusek Pharmacy and Cameron Hotel.

Two Faculty Members Resign; One Place Is Filled By Board

Two vacancies were considered Thursday night by the Cameron School Board and one place was filled.

Miss Marilyn Moore, teacher of physical education in Ada Henderson School has resigned and her place has been supplied by the election of Miss Clarice Shrader of Nacogdoches.

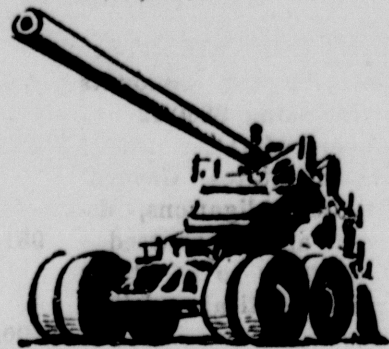

Miss Michalka, secretary in the office of the superintendent has resigned and Miss Foster who has been employed by Dusek Pharmacy has been elected to succeed her.

Drayton McLane, Secretary of the Board, said that no election was held to replace W. C. Wiese who resigned.

Ida Foster visited in Milano Sunday.

What You Buy With WAR BONDS

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

Democratic Loyalty is Proven for E. F. Smith; Runs for Appeals Court

E. F. Smith of Austin, noted Texas lawyer and a former Assistant Attorney General under C. M. Cureton, today exposed an unjust and false charge against him by Judge McClelland, in the following telegram to the Herald:

Commenting on charges he was Republican, which were brought against him in advertisement published in Austin paper Friday, E. F. Smith, candidate for Chief Justice Austin Court Civil Appeals, Saturday, issued statement in which he asserted he had always been a Democrat and he never violated Democratic primary election pledge.

"It is unfortunate, he asserted, that Judge James W. McClelland has seen fit to attempt to inject partisan politics in this race for high judicial office, by charging I am a republican, especially when President Roosevelt has pleaded for unity during this national crisis.

"I am and always have been a Democrat. I have never violated Democratic primary election pledge to support nominees of Democratic primary. I am not and never was Republican. I have consistently supported President Roosevelt's foreign policy. Both before and since Pearl Harbor," candidate asserted.

"The real issue is whether E. F. Smith or present Chief Justice at age which President Roosevelt and Congress have said is retirement age, for Federal Judges can best serve people as Judge of Court of Civil Appeals for the next six years," he declared.

10 PER CENT ALLOTMENT OF SALARY AT T. P. & L.

Employees of the Texas Power & Light Company were today cast in the roll of great service to the nation in time of war when it was announced by J. Albert Young, manager, that all have signed up for a 10 per cent deduction from salaries to be invested in War Bonds and Stamps.

Mr. Young said that some of the employees will do even better than 10 per cent.

Cameron district is the first in the system to be completely signed up, said Mr. Young.

The impression here was a good one. So far as known to the Herald the Texas Power & Light Company employees are the first to begin a 10 per cent salary outlay for bonds and stamps.

The Bond and Stamp campaign was greatly augmented two weeks ago

when the J. C. Penney store announced a quota for July which was exceeded on the first day.

Now Texas Power & Light Company follows with a great scale of purchasing. If other business firms will do as well Cameron will exceed its 1942 quota.

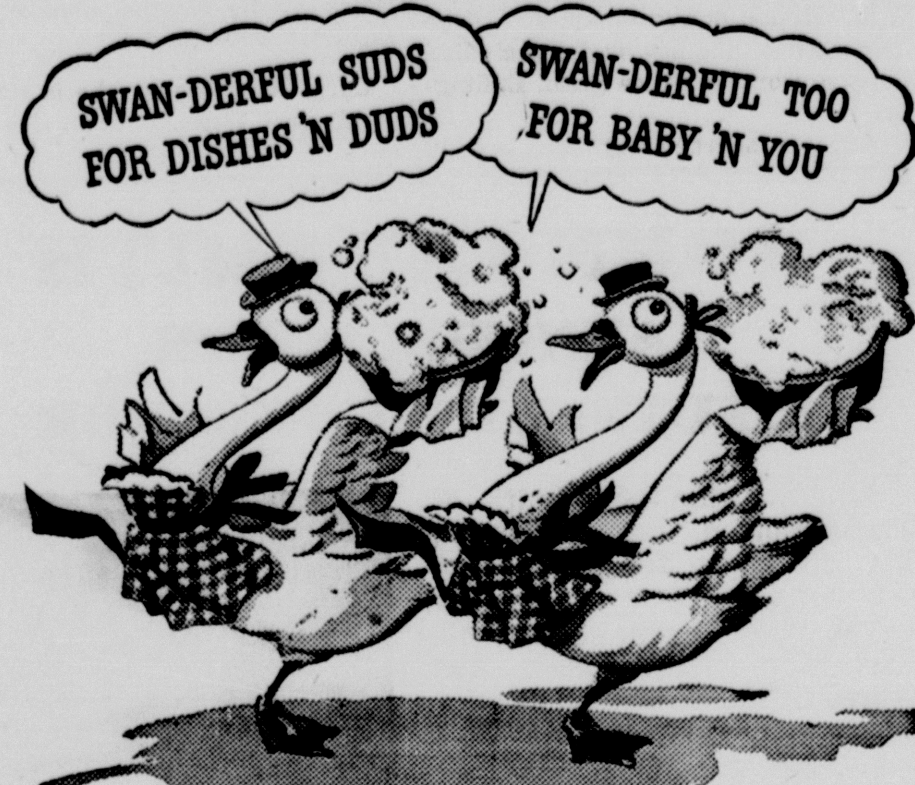

CLIFFORD WADE DIES IN ROCKDALE THURSDAY

Clifford Wade died at his home in Rockdale late Thursday afternoon.

Mr. Wade had been in critical health for the past two months. Death, it was said here, resulted from a brain abscess.

He had been engaged in the tailoring business. Funeral arrangements were pending when news came of his death.

Bud Cawood of Rockdale was a Cameron visitor Tuesday.

PANZER UNITS REACH OPEN RUSSIAN PLAINS

The big break through which Adolf Hitler told his German Reich and the people of the world would come, has finally written disaster for the southern Russian armies of General Timoshenko.

The Germans are within about 50 miles of Stalingrad near the Caspian sea and the armies of General Bock are flanking Rostov which is the gateway to the rich oil fields of the Caucasus.

The German Panzer divisions have broken into the open plains beyond the Ukraine. Russian resistance except around Voronozh has broken down.

The German General Staff announced that war supplies almost too great to count, have been taken and around 200,000 Russian soldiers have been captured. There was no confirmation. It was believed that only a miracle could save the vast oil and industrial regions centering at Rostov.

The gravity of the situation was tions that Russia might in time have emphasized in semi-official suggestion to ask for an Armistice if all hope is abandoned that aid may come through a second front.

Washington was silent and so was London.

In the far South Pacific General Douglas MacArthur had nothing to say, indicating quiet had settled down over the turbulent waters of the Pacific.

W. B. Skelton Gets Promotion With State Welfare Board

Austin, July 6, 1942.—W. B. Skelton of Cameron has been promoted through a merit system examination from Milam County Welfare Worker to Senior Field Worker in the State Department of Public Welfare.

For the past three weeks he has been attending an orientation class in Austin and Waco, receiving instructions in the law and procedure governing the field worker's job. He has been assigned to the Conroe Area office, reporting there July 6, 1942.

Mr. Skelton was graduated from high school in Bryan, where he was born and reared, and received his college training at Texas A & M.

Indian In Army Likes Cooking; Writes Check for \$150

Private First Class, Edward Lancada, with the Tank Destroyer force at Camp Hood, Killeen, while here as a guest over the week end, played the role of benefactor and was being toasted by many for an exceptional gesture, possible only in America and peculiar to Indians.

Lancada is an Indian and lives in California. He was strolling along the business district and chanced to see, Little Pat Crawford, a negro boy of 10 years. Lancada asked the boy if his mother could cook. Little Pat answered in the affirmative and Lancada gave him some money to buy a quantity of food including some choice steaks. Together they went to the home of Little Pat's mother, Rosie Lee Crawford.

Rosie Lee prepared the meal and they all sat down together and ate. After lunch Lancada gave Rosie Lee a check for \$150 with the request she buy the children some clothes.

The check was drawn on a branch California Bank and was deposited for collection through Citizens National Bank of Cameron.

There are many interesting stories of liberality among the men from Camp Hood. A local cafe fried 500 pounds of potatoes; they bought potato chips, stand and all; 400 barrels of beer, all the cameras in town, wrist watches, fountain pens, jewelry and kept a local transfer firm operating 8 cars day and night.

Oxsheer Smith, president of the Citizens National Bank, met with the Victory Fund Committee of the 11th Federal Reserve District in Dallas.

Mr. Smith is one of 24 prominent bankers and investment men named to serve on the committee for the district.

Victory Fund Committees throughout the United States are getting set to sell a large volume of War Securities to non bank investors. In the sale of these securities lies the remedy against inflation.

The purpose of this committee is primarily to advise the Treasury on types of securities and to work among large investors.

HERMAN HENNINGER DIES IN ROCKDALE

Herman Henninger, 58, died suddenly in Rockdale Monday afternoon from a heart attack.

Mr. Henninger collapsed and died in the lobby of the Rockdale State Bank. He was one of the large stockholders in the bank.

He lived in the Bushdale community and is survived by his widow. Funeral arrangements were made Tuesday but the Herald was not informed of the hour of burial.

PEOPLE ARE LARGELY BLAMED IN SUGAR DEAL

The Sugar Rationing Board of which John B. Henderson is Chairman, was on record Saturday with a good defense against complaints over difficulties in obtaining sugar.

In the first place except for the past 5 days only two paid employees have been at the board.

Perhaps the most staggering revelation is that clerks at the board have had to fill out applications for sugar. This is not required.

Do not expect the board members or the clerks to fill out your applications. Do it yourself or get your merchant to do it. If you will do a little bit of work yourself you can get your sugar.

It requires some 10 minutes to fill out an application blank.

Before you can get sugar you must fill out a blank to apply for it. Then you must take your ration books for each member of the family. If you don't do this you cannot expect to get sugar.

Some 2000 families in May got the 5 pounds originally set aside for canning. In June some 500 families got the 5 pounds. About a month ago

the government authorized more sugar for canning, based on what you used last year. Thus far no extra or surplus allotment sugar has been issued.

Mr. Henderson said this sugar will be issued beginning Monday.

No member of the board is paid for his work. Only the clerks are paid.

The records in the office would make a stack of documents 18 feet high.

Sugar can be issued faster if the people do their share. If you get in your car 30 miles away and come to Cameron for sugar and do not have an application blank filled out nor bring your ration books, don't expect to get sugar as the clerks cannot possibly fill out these blanks, though they have been doing as much of that as possible.

Delay has been costly and much misunderstood. The local board might have avoided this situation by adopting other methods but that is past. The government might have expedited issuance of vital sugar supplies if it had simplified its rules and regulations.

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10% every pay day.

What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

PERIL GROWING EACH HOUR SAYS NEW REPORT

Soviet Russia, promised a second front, today was met with the rebuff that it is better to wait and be able to carry through a large scale offensive than to chance a small invasion of the continent.

This reported attitude was expressed from London and no doubt met approval in Washington.

This was taken to indicate that there will be no second front at this time. Whether Allied leaders considered the situation grave enough to chance an effective continental fight against Germany, was not ascertained of course, that being a military secret.

The situation in Russia was growing more grave by the hour.

Russia was pleading for a second front. It was believed the plea may have been more than the expression

of the Red press. There was growing a feeling that anything may be expected.

The British were keeping the offensive in Egypt though fierce fighting was rendering the struggle indecisive as Rommel continued to give ground.

Except for the usual economic war in Washington there was nothing to indicate on the surface that anything unusual was to be expected.

War Recreation and USO Council to Meet

The first meeting of the Wartime Recreation Council and the USO Citizens Committee will be held in the Chamber of Commerce Rooms, Wednesday evening at 8:30 p. m.

The complete list of this Council will appear in Wednesday issue of the Midget. This committee has recently been set up by the Mayor of Cameron to comply with regulations set out by the Wartime Recreation Council and the USO; and will take the place of the All Service Committee recently formed to provide entertainment for the visiting service men each week.

NAVY RECRUITING PARTY COMING

BETTER FARM COURSE BY FORD DEALERS HERE

A Ford Tractor School has just been concluded at the Hefley-Stedman Motor Company. This school is under the extension service of the La Salle Institute.

The school has been in progress for the past 6 month. Many farm boys were enrolled and 6 were able to finish.

H. W. Abels of Sharp, won the highest rank with an average of 96. By winning he now has an opportunity to compete in the state and if he wins he will get a scholarship to any college or university in the United States.

Others who finished are: Leon Lafferre, Sharp; LeRoy Schattle of Ad Hall; William Sweet of Burlington; and C. E. Phipps of Maysfield.

The course not only advanced the correct method of tractor farming but took up questions of business methods on the farm.

Tom Stokes, vocational agriculture teacher at Yoe High School, instructed the students.

The school was highly praised by Mr. Stokes. The Ford dealer, H. H. Stedman was confident that the boys will have gained much to help them become better farmers.

Clifton Jenness has been active in promoting the school for several months and was pleased with the results.

Winning the War Comes First!

... That's Why No Electric Service Extensions Can Be Made Without Special WPB Approval!

UNCLE SAM needs copper, steel and many other critical materials for the war program. This means sacrifices for many of us... sacrifices that all are glad to make. Under Preference Rating Order P-46 of the War Production Board as amended on June 24, 1942, electric service lines simply cannot be extended to existing buildings not wired prior to July 1, 1942, or new structures, the foundations of which were not completed prior to that date, without special permission of the War Production Board.

We are cooperating fully with the war program. Our first duty is to Uncle Sam. Our next is to you. Part of that duty is to inform you of these restrictions.

To safeguard you from possible disappointment and wasted expenditures, we suggest that you consult us before you build, or plan any changes in your electrical requirements. We are confident you will cooperate with us, as we are all working together to win the war!

ALLRED

(Continued from page one)

they yelled, "we're with you." First, he told them:

"I'm tired of this charge that has been whispered against me that I resigned the federal judgeship with the reappointment in my pocket if I lost the Senate race. In the first place, I am not an applicant for reappointment to the bench and I wouldn't accept it if it were tendered—which it won't be. Furthermore, I think there may be a new judge appointed before this election. And, furthermore, I don't plan on losing this race."

In a fighting mood reminiscent of the days a few years ago when his stump oratory tagged him one of the top talkers in Texas political history, Allred, sweat coursing down his cheeks and his clothing soaked, was drowned out with rebel yells when he told the Czechs:

"It isn't easy to pass on a man's life or death. While Governor I had to make that decision oftener than any Governor in history.

Death for Spies

"But I'll let you know that I favor the death penalty for every cock-eyed spy found in these United States who came in here with TNT and dynamite to blow up our waterworks, wreck our plants and kill our people.

"I want to let these fifth columnists in the United States know that death awaits traitors in this country."

Constantly aiming his barbs at isolationists who, he said, have the blood of America's dead soldier youth on their hands, Allred shouted:

"There are people in this country who are fifth columnists in everything but name only—and I don't know but what I may call them that before this is over."

Time out for another punch at O'Daniel was taken when he referred briefly to O'Daniel's reasons for his resignation from the federal bench.

Waving a telegram in his hand which he had just sent to a Texas radio network, Allred read it.

"According to the press, Senator O'Daniel was taken off the air for a moment or two Tuesday while he prepared to say something about me, I presume this was because the statement was libelous and you were afraid of a lawsuit.

"I will appreciate it if you will turn the Senator loose and let him say anything he wants to about me.

I assure you I will not hold you responsible."

"Of course, the Senator has said in all his speeches that he was not going to sling mud, but I want him to do it to his heart's content."

Pledged to back President Roosevelt down the line on his war policies, Allred stressed the necessity for sacrifice, twenty-four-hour, seven-day-a-week production, the writing of a peace to end "these blood baths every generation gets," the security of the soldier during and after the war.

All Americans

You and your people have been sold down the river by a little paper hanger," he told the Czechs. "Your people are a symbol for all the suffering in the world. We are all Americans, regardless of extraction. We are in a common cause now, and we will win it. The Czechs will rise and live again in a new world, not to be wrecked this time by isolationist Senators who ruined Woodrow Wilson. You can't crush the natural instinct of justice in the hearts of men."

Over the reverses and heartaches of the United Nations he went, telling the crowd that "Senator O'Daniel has come home and told you that winning the war isn't an issue, that we are over the hump and the armistice will come sooner than you think. We are just beginning to sweat, toil,

shed tears and blood. How can he tell us those things?"

"They say there is little interest in politics now. Well, let's adjourn politics, but we won't adjourn patriotism. It is patriotism that calls for weeding out inefficient public servants in the United States Senate."

"That, Senator O'Daniel, is why I resigned my judgeship."

GOES TO ANNAPOLIS

Jim Baskin, Jr., left Austin July 3, to report to the U. S. Naval academy at Annapolis, Md., for a final physical examination for entrance.

Word was received Thursday that he had passed and had been sworn in as a student in the academy.

Jim is the eldest son of Mr. and Mrs. J. D. Baskin of Austin and Cameron and was a junior in the University of Texas where he was a member of Delta Tau Delta fraternity and the Naval ROTC.

His appointment to the Naval academy came through Bob Poage, Congressman from Waco.

VOTE FOR BEAUFORD JESTER FOR RAILROAD COMMISSIONER

Beauford Jester Merits Support

BEAUFORD H. JESTER, long prominent in State affairs, is a well known Texas lawyer whose home is in Corsicana, Navarro County. Mr. Jester was born in Corsicana, the son of the late George T. Jester, who settled in Corsicana shortly before the civil war. George T. Jester served as Lieutenant Governor of Texas from 1894 to 1898. Mrs. George T. Jester, Beauford Jester's mother, still resides at the old family home in Corsicana.

After attending the public schools at Corsicana, Beauford Jester entered the University of Texas, where he graduated with a B.A. degree in 1916. His law course was interrupted in 1917 when America entered the first World War and he went to the Officers Training Camp at Leon Springs, Texas. He served as captain in an infantry company of the 90th Division and saw overseas service. Beauford Jester fought at Saint Mihiel and in the Meuse-Argonne offensive. After the armistice he was stationed for nine months with the Army of Occupation in Germany. On his return from overseas he again entered the University of Texas where he took his law degree. He has, since his graduation, practiced law in Corsicana. He is married and has three children.

Beauford Jester served as Chairman of the Board of Regents for the University of Texas from 1933 to 1935 and has always taken a keen interest in the welfare of the University. With Judge R. L. Butts of Austin, who began it, he was mainly responsible for the completion of the building program of the institution. Mr. Jester is a

member of the American Legion, having served as Post Commander of the Corsicana Post. He is a member of the Methodist Church in which he has taught a men's Bible Class since 1924, and he is a Mason and a Shriner. Mr. Jester is a charter member of the Corsicana Rotary Club, a Past President of the Navarro County Bar Association, and Past Director of the Texas Bar. Since 1935 he has been a member of the State Advisory Board of the National Youth Administration. He is a life long Democrat. This is the first time he has ever been a candidate for any office.

A Program Which Is Both Sensible and
Conservative

Beauford Jester is closely in touch with the problems which confront the oil industry in Texas, both during the present great emergency of war time, and those which may be expected when peace returns to the world. Beauford Jester, when elected Railroad Commissioner, will favor the following policies for that important department of the State government:

1. The first and primary duty of my service as Railroad Commissioner will be to expedite the war effort in Texas in every way and in any way possible. The production of oil and the regulation of transportation are as important to the war program as the production of guns, tanks and ships. The greatest oil producing state

in the union must put its full petroleum resources to work as the government demands.

2. When America is victorious and peace comes again, private industry, which developed both oil production and the transportation system in Texas, must again take charge. This post war adjustment must be carefully planned in advance so that these two great industries, which render such tremendous tax revenue to the state, shall not be allowed to disintegrate through any post war depression or let down. We must plan to return the men from these industries, who have gone to the firing lines, to their positions as wage earners. There must be a carefully planned post war economy for these industries—we must guard against economic collapse.

3. After the war the oil industry of Texas should not be regulated by the Federal Government. Such regulation rightly belongs to the State of Texas through its duly elected Railroad Commission. In this emergency the oil interests of 48 states are pooled to win the war. After the war the long established Democratic doctrine of states rights should prevail.

(This space paid for by Milam County supporters of Beauford Jester.)
